Subject: Cancellation of low sight glass**Description:**

There are 2 sight glasses on some models of RC2 series compressors, including RC2-100~RC2-510, RC2-580 and RC2-1020~1530. Through investigations we found in practice the function of low sight glass (for RC2-100~200, the sight glass on flange) is limited so we decide to cancel it from January 1, 2012 (Compressor S/N: 2EXXXXX).

The sight glass we will cancel from each model:

2011/12/25

The sight glass we will keep on each model:**Current models with high/second sight glass:**

RC2-100, RC2-140, RC2-170, RC2-180, RC2-200, RC2-230, RC2-260, RC2-300, RC2-310, RC2-320, RC2-340, RC2-370, RC2-410, RC2-470, RC2-510, RC2-580, RC2-1020, RC2-1130, RC2-1270 & RC2-1530

Hanbell hereby inform all the customers the cancellation of low/second sight glass on above models in the future without further notice.

We thank you for your kind attention to this issue and appreciate your continuous support on Hanbell products. We will keep providing quality products and the best service to you.
