

# The Control Zone

Total Solution for all your Control Needs

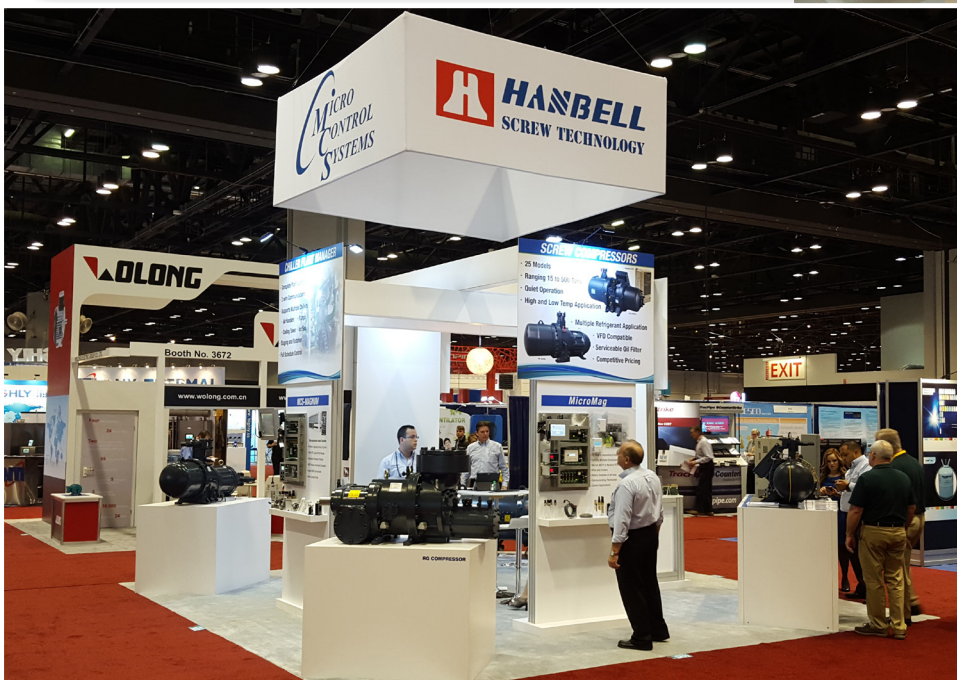

Volume Two- Issue 2

January 2016

## From the Desk of the President:

**2016 AHR EXPO, Orlando, FL - January 25-27**

*We met a lot of new friends, greeted old friends and met customers from around the world. The sales staff spent time discussing our new products and introduced updates to existing products for those visiting our booth at the show. 'A GREAT TIME'.*

The 2016 ASHRAE Winter Conference and AHR Expo drew industry professionals from around the world to view new products.

The Conference focused on design-build practices and residential systems as well as programs that align well with current trends in HVAC&R engineering. Energy efficiency and sustainability was emphasized along with current engineering and construction practices within the U.S. and Canada.

Micro Control Systems highlighted new products and previewed Control Enclosures, New Touchscreens, Communicating Thermostat, EXV Driver as well as many more innovative products.

Hanbell shared the booth and had on display Screw and Centrifugal compressors. MCS is the North American distributor for Hanbell.

Attendees visiting the MCS booth, walked away with more knowledge about our products and were able to view first hand the operation of these products.

MCS commitment is to provide 'Quality and Service, Cost Effectiveness and Ease of Use with our products.

## In this Issue . . .
