

2015-2016

Providing HVAC/R Control Solutions Worldwide

MCS Training Schedule

MCS-Magnum & MicroMag Controllers

Micro Control Systems will be holding training classes on its product lines. These classes will be three days in-depth hands-on workshops that will enable attendees to have a working knowledge of MCS hardware and software.

Attendees will learn how to use MCS-Connect software to communicate with MCS hardware and learn troubleshooting techniques that will be useful in the field.

A Windows-based laptop with a USB communication port will be required for class.

Lunch will be provided daily.

Local expenses are the responsibility of the attendees.

If you are interested in attending please fill out the attached form and email to sales@mcscontrols.com.

Class Content

- Introduction to MCS Products and Services
- Magnum Hardware
- Magnum Keypad/ Display
- MCS-Connect
- Hardware Troubleshooting
- Magnum BMS/ Ethernet Communications
- MCS-Touch Screen
- Rooftop Unit Control
- MicroMag
