

# The Control Zone

Total Solution for all your Control Needs

Vol. Eight - Issue 1

January 2022

## MCS celebrates the Holidays

Christmas Lunch at . .

Ugly Christmas Sweater Contest Winners . . .

**From the Desk of the President:**

MCS designs and manufactures microprocessor based controllers for the HVAC/R industry. Our product line includes a wide variety of peripheral devices to complement our controllers including temperature, pressure, humidity and current sensors, as well as software for Windows based computers that allow the user to monitor and interact with the controller from anywhere in the world. **MCS is the North America distributor of Hanbell Compressors.**

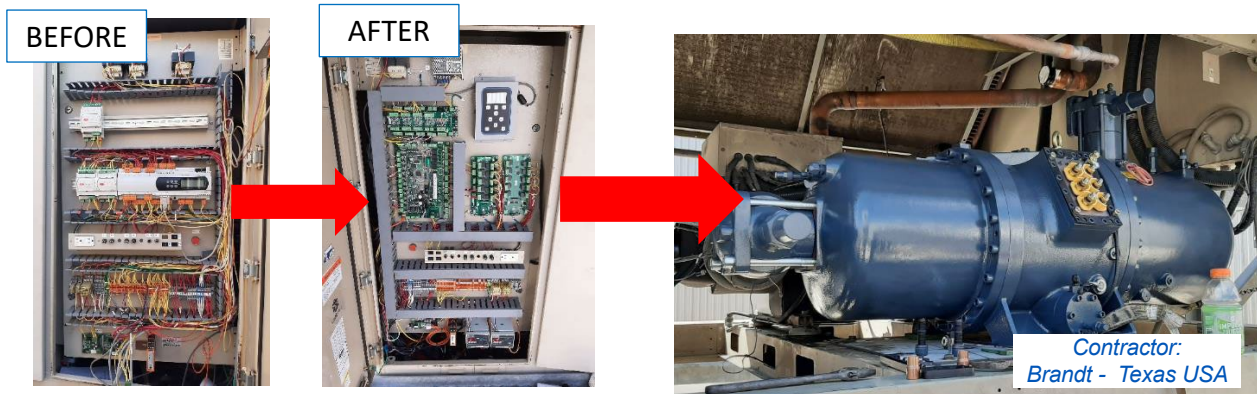

Brian W. Walterick  
President MCS

## Retrofitting/Upgrading Is a Large part of our Business

**MCS provides an upgrade path to more efficient controls and compressors.**

Complete upgrade - MCS-Controls mounted in existing panel - New Hanbell compressor, 2 week delivery - 3 year warranty.

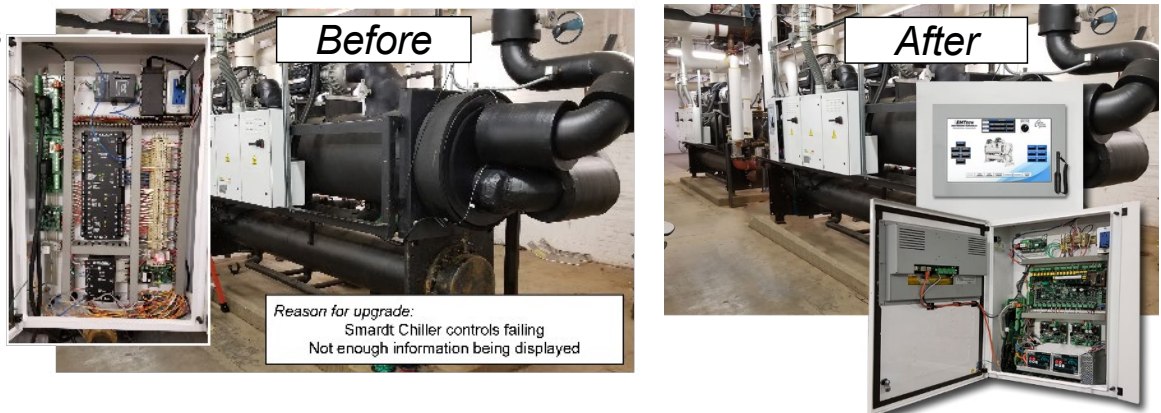

**Concerns:**

Old controls failed on Chiller

Wanted controls that were easier to understand and more reliable, plus displayed more information.

**Steps Taken:**

- Remove existing controls
- Install MCS controls
- Reprogram Turbocor boards for communication

**MCS Energy Efficient  
and RoHS Compliant**
