From the Desk of the President:

Each year our employees gladly give from their hearts unwrapped gifts to children of The Children Home Society of SouthWest Florida. We join with our Partners, Sensing Technology and Tice Fire Company in celebrating this happy event.

Mirco Control Systems, Sensing Technologies Inc. and Tice Fire Company collected toys for the CHILDREN'S HOME SOCIETY of Fort Myers again this year. The gifts were given to the children in a special presentation on a sunny day in Fort Myers as Santa and his 'Helpers' were present.

A smile on a child's face makes giving of these gifts all worth while. It warms our hearts knowing they have gifts for the holidays.

2018 Just Around the Corner

Christmas is the spirit of giving without a thought of getting. It is happiness because we see joy in people. It is forgetting self and finding time for others. It is discarding the meaningless and stressing the true values.
